Ordinarily, when "the American college" is mentioned, one thinks of the large, famous and wealthy institutions. There are many of these, and they have done fine work. Such great eastern schools as Yale Harvard, Princeton and Dartmouth; the huge state universities of the middle west like Michigan, Ohio, Minnesota and Wisconisn; the great metropolitan institution like Columbia and Chicago; the west coast giants like Leland Stanford and Californiathese are the places that come to mind.

But the big ones aren't the only ones. But no matter what their circumstances, these men and women are making a distinct and important contribution to American culture. They represent a steadily growing class that is interested in something besides the needs of the moment and the demands of the office and shop. They are the mainstays, in many localities, of the widening audience for good books, good music and intelligent discussion of current issues.

For these people went to college primarily to get education. They are not, usually, as urbane and polished as the graduates of the bigger schools. Often they are not asprosperous. But their colleges gave them something besides the ability to feel at ease in evening dress.

Suggests Two Trips Through Fruit District

Chicago, Illinois, April 3, 1931-Illinois has a blossom time of its own, unheralded and perhaps unsung, but as beautiful as any like event in any part of the country. When spring comes to Southern Illinois and slips across the Ohio River at Cairo and Metropolis it announces its coming by turning millions of peach trees into masses of delicate pink blossoms. Spring moves north in the two great fruit counties-Johnson and Union. In these two sections thousands of peach and apple trees cover the rolling hills for miles. The northern center for the peach belt is Centralia where countless peach orchards come into bloom four or five days later than in the Illinois Ozarks.

The bloom should be at its loveliest along the Ohio River n Sunday April 5, assuming seasonable temperatures. In Johnson and Union Counties the trees will be at their hest about the 12th. The Centralia district will follow about the 19th. If no noticeable change in weather is forthcoming apple blossom timea gorgeous panorama of millions of white and pink blossoms—should start in Centralia about April 18, and Mexico. continue to April 25.

Democratic Leader On Speaking Trip

Washington, Apr. 2-(AP) - Into Republican strongholds Chairman Shouse of the Democratic Nationa Executive committee next week will carry his party's formal opening of the 1932 campaign.

Three speeches by the Democrat the first at Des Moines next Tuesday -will mark the official beginning of the campaign designed to dislodge Republicans from the Presidency and control of Congress. Whether the Republicans already have lost Congress cannot be ascertained definitely until the next delicately-balanced assembly meets in December.

In his three addresses, Shouse said he will "discuss the local situations as well as what has been accomplished by the party further east, to indicate the significance of last November's electeions, to report on what the executive committee and the national committee are doing and have done and to outline as far as possible the plans for the campaign of 1932."

Over Ton Of Drugs Seized By Raiders

New York, Apr. 2-(AP)-Federal ttorney Medalie announced today a squad of federal agents had raided an office in Greenwich Village, seizing between one and two tons of narcotics. The contraband was valued roughly at \$1,120,000 per ton. The seizure was believed to be the urgest ever made in this district. Abraham Goodman, alleged propritor of the A. B. Trucking Company on Hudson street, in whose offices the narcotics were found, was arrested. Agents said they believed he was connected with the same ring as Al Spitzer and Abe Stein, who were indicted last month.

The raid was the culmination of a long investigation by the Federal-Narcotic Bureau here and Mr. Medalie's office. Maj. Joseph A. Manning, head of the bureau led the

Dear Mr. Firestone:

Above, we reproduce part of one of the many newspaper and magazine advertisements appearing throughout the country, in which Firestone tires are compared with "a mail order" tire . . . Montgomery Ward & Co. is the oldest mail order house in America. So when you say "mail order," many people naturally think first of Montgomery Ward & Co.

But—the specifications of the "mail order" tire listed in Firestone advertising fall far short of the specifications of Montgomery Ward & Co. tires . . . You have also stated in your advertising that "a mail order tire is made by some unknown manufacturer ... "Well, Ward's tires are made by one of the largest and best known rubber companies in America ... a company, in fact, that is larger than your own company, Mr. Firestone . . . Furthermore, your advertising says "Compare prices." You compare Firestone prices with "mail order" prices. Montgomery Ward & Co. states emphatically that your advertising does NOT make a correct comparison between Ward tires and yours, in either quality or price. But the table at the left DOES.

The Firestone advertising lists three grades of tires—Courier, Oldfield and Super-Heavy Anchor. Your Courier, Mr. Firestone, is what is known in the trade as a "third line" tire. Montgomery Ward & Co. does not sell a "third line" tire. Your Oldfield is what is known as a "second line" tire—it compares in quality with our TRAIL BLAZER. The table at the left shows how Trail Blazer prices compare with Oldfield prices. Your Super-Heavy Anchor is also a "second line" tire-but is a quality which we do not sell . . . OUR BEST TIRE IS OUR RIVERSIDE. The Firestone advertising does not list a tire equal in quality to our Riverside in the table at the left however, we list Firestone tires that are equal in quality to our Riversides and show ALSO how the prices compare.

In view of these facts, Mr. Firestone, we ask that in the future you state whose MONTGOMERY WARD & CO. mail order tire you are talking about.

Mr. Auto Owner

Montgomery Ward & Co. guarantees you that quality for quality, there are no better tires made than Ward's Riversides and Trail Blazers. Furthermore, they are backed by the fairest, squarest tire guarantee ever written. And they sell for LESS than other tires of equal quality. Step into Ward's store where you will find a complete stock of Riversides and Trail Blazers and see for yourself. COMPARE before you buy. Ward's always sells for less.

Rev. J. A. Iwig Plans To Embark In Insurance **Business Soon**

Rev. Jesse A. Iwig, for the past five years the active pastor of the olds Evangelical church will rethe from the ministry when the conference meets the latter part of this month at Barrington

The announcement of Rev. Iwig's intentions will be learned with a great deal of regret on the part of his large circle of friends here. Rev. Iwig has served the Reynolds church the longest pastorate in its history with the exception of one, Rev. Wm Storkman, a former pastor, serving also for five years.

The Reynolds Evangelical church in 1872 and is one of

the outstanding rural churches in Illinois, and has been recognized by

The membership of the church now is 120, the largest in its history. During Rev. Iwig's long pastorate a number of improvements have brr been made on the church property, ard a fine Sunday school orchestra has been trained. The church has ministered to the comunity in more than spiritual matters, and has taken an interest in Home and Farm work. Mrs. Iwig has been a very great help to her husband in church work, and has worked with the young folk in vaction Bible school work and the giving of public pro-

Rev. Iwig who has had considerable experience in insurance work las been appointed assistant to the District Agent for the Northwestern Mutual Life Insurance Company at Sterling. The territory of the dislrict comprises all of Lee and White-side counties.

COOKING CROQUETTES AND ROASTING COFFEE HAVE MUCH IN COMMON

Success Depends Upon the Rule - A Little at a Time

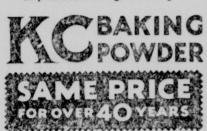

Careful cooks do not crowd too many croquettes into the hot fat because they lower the temperature and then absorb grease. Cooking a few at a time prevents this. In roasting coffee there is similar difficulty when too much is roasted at once. It is impossible to control the heat and often, as a result, part of the batch is overdone and part underdone. This causes variation in flavor.

Hills Bros., following the rule in the croquette recipe, roast only few pounds of coffee at a time by their patented, continuous proc-ess—Controlled Roasting. There is no variation in the roast because there is accurate control of the heat, also of the flow of coffee through the roasters. A rare, uniform flavor is developed such as no other coffee has.

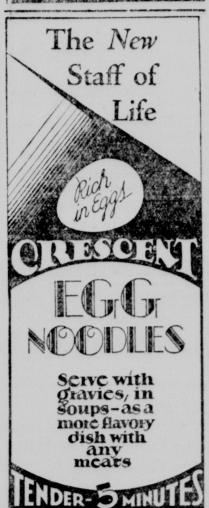

Grocers everywhere sell Hills Bros. Coffee in vacuum cans that keep it fresh. Air, which destroys the flavor of coffee, is removed from the cans when they are packed, and kept out. Ordinary cans, even if air-tight, do not keep coffee fresh. Ask for Hills Bros. Coffee by name and look for the rab—the trade-mark—on the can, Hills Bros. Coffee, Inc., Chicago,

GYPSY MeBRIDE. 19-year-old typist in a New York office, meets JiM WALLACE at the home of her wealthy cousin, ANNE TROW-BRIDGE. Gypsy is miserable because she has learned ALAN CROSBY, back from a year and a haif in Paris studying art, no longer cares for her. Walince tells Gypsy that he has been filted by his flancee. To spite the girl he cares for he asks Gypsy to marry him. She first refuses, later accepts. They are married next day and depart for Forest City, his home town.

home town.

At Jim's home they are greeted by his aunt, MISS ELLEN WALLACE, who immediately becomes hostile to the girl. A few days later Miss Wallace moves to a cottage of her own. She gives a family dinner party at which Gypsy is snubbed by other relatives.

Jim undertakes the defense of NINA ROBERTS, accused of murdering her employer, DR. FOW-LER, The case is sensational with circumstantial evidence strongly against the girl. Gypsy becomes deeply interested in the murder case and persuades Jim to take her to see Nina Roberts. Nina asks her to return alone. TOO MUCH OVERHEAD

Hundreds of expert head hunters have been stalking through the jungles of business, finance and industry, searching for the causes of depression. A number of suspects have been discovered and are being the present none of them have been positively identified as being really important public enemies, from the economic standpoint.

One of the suspects is named Machinery. A good many people are accusing him of being the cause of overproduction. On the other hand, many before that perhaps the chief causes of depression are not to be found in industry, business or finance, but elsewhere? Here are some new clues for the headhunters:

Take the cost of government, for example. Fifteen years ago this required one-fourteenth of our national income. Now it requires one-seventh of it. Thirteen billions a year is the present-day bill for "self government" which has to be shouldered by our taxpayers, and it is growing at the rate of half a billion a year. Are we twice as well governed as we were fifteen years ago? We have doubled the "supervisory" overhead.

Take the cost of speculation. Perhaps that was one of the public enemies that ate up billions of dollars in consuming power that might have otherwise been applied in buying real goods instead of imaginary paper profits.

Take graft, for example. Somebody takes it, that is quite evident. How much of it there is each year is problematical, but there is no doubt that the various rackets, if their accounts could be audited, would show an annual total tax on the public of several billion dollars. And it is on the increase, as anyone knows who keeps himself informed of current happenings.

If manufacturers and business men permitted their non-productive overhead costs to mount as we are permitting our social, political and criminal overhead to increase, they would soon be out of business and bankrupt.

Perhaps our troubles are not in overproduction, but too much of this sort of everhead.

Rockne's football teams were true expressions of the man himself. Football was Rockne's life, his love, his all. No artist ever put more of his soul on canvas. No musician ever put more feeling into a symphony than Rockne did into that strange conglomeration of humanity beys of all racial strains, which he welded into super-football teams.

There has been much said about the "Rockne System. System Was Himself

Most of this is a fallacy. The Rockne system was Rockne himself. Rockne's teams stressed speed above everything else. The basis of his offensive was the Napoleonic axiom:

"Get to the point of attack first."
Rockne relied on the shift play to accomplish this. His teams perfected the shift to such an extent but the rules had to be changed. ut Rockne had no set formula for oeveloping football teams. He built his plays and his teams around his players. He proved that with his Four Horsemen"-Harry Stuhldreher, quarterback, Don Miller and Jimmy Crowley, halfbacks, and Elmer Layden, fullback. DOCTORS!

Dr. Heath, who has been in various countries of the world and in the United States army as a medical officer in addition to this health work in Indiana, says: "My faith in the health giving power of Vitalex is based on the results it has brought to myself and to the number of run-down, tired, worn-out patients to whom I have recommended it.

"There is not one man or woman in a thousand who can truthfully say that he or she wakes up every morning feeling fully refreshed, happy, and ready for a full day of ambitious endeavor, whether business or social. If YOU happen to be that one person in a thousand who does make such a claim you do not need VITALEX. But if you wake up almost as tired as when you went to bed, your legs ache, you are troubled with headaches, gas, indigestion, no appetite, bad breath, sallow complexion or a host of other ailments, then I sincerely recommend an immediate trial of Vitalex.

"Vitalex will give you a richer, deeper sleep than you have experienced in a long time without the use of harmful, drastic drugs. It will relieve constipation naturally and with it will go a multitude of ailments.

"I do not say that Vitalex is any miracle medicine. Results show only after a fair trial, but I can most truthfully say that it is a rare combination of herbal juices for elimination of poisons for the
